April 2, 2020

Greetings West Park Families,

I hope this letter finds everyone in good health and spirits! Each day, you and your children are thought of by the wonderful, caring staff of West Park Academy. We miss all the smiling faces, the fast-paced school days, and what was just a regular routine. Like you, we look forward to the day that we can get back into those routines and resume life as it was. Each day we get closer and closer to that.

Your teachers have been working very hard from home, like many of you, over the past few weeks. Lesson and communication plans are taking up most of their efforts currently. We are excited that next week will bring with it new and fresh learning opportunities for the students. Please visit the COVID-19 page on our website to find those resources. Also, check out our Facebook page for new content every day. We are offering many fun activities that help pass the time and that are educational, as well.

Don't forget, we continue to be your community partner for free meals for any student 18 and younger. Every Tuesday from 10:00-12:00, we are giving away a week's worth of breakfast and lunch. Simply pull up to the side, lower entrance by the side parking lot and food will be brought out to you. Last week we served over 280 meals! We are proud to be able to continue this for as long as this shut down is in order.

As we watch each day Governor DeWine's update on the COVID-19 pandemic, we remain hopeful for a possible return to school, but only time will tell. We respect the Governor's authority for the shut down and continued social distancing, and will remain compliant with his office, as well as the offices of the Ohio Department of Health and Department of Education.

Please reach out if you need anything. Voicemails are being monitored and returned, as well as emails. You can contact us at 216-251-5450 or email me directly at mfjaissle001@acawestpark.com. Stay safe Tiger Family!

Sincerely,

Mr. Jaissle
